

ALi to Showcase Latest Solution Portfolio at CommunicAsia 2018

Taipei – June 25th, 2018 – ALi Corporation, a leading Set-Top Box (STB) chipset provider, proudly announced that the company will attend CommunicAsia 2018 in Singapore from June 26th to June 28th, at Marina Bay Sands, Level 1, 1H2-07. This is the 4th consecutive time ALi has attended the exhibition, revealing the strong dedication in PayTV industry.

At CommunicAsia 2018, ALi will showcase comprehensive product lines spanning from hybrid

solutions, Android/Linux real-time OS platforms, high DMIPS chipsets ranging from 1,000 to 14,000 DMIPS, and also chipsets pre-integrated with various mainstream CAS (Conditional Access System). Further, ALi will feature next-generation chipset supporting Smart Home Applications.

“ALi has been known for its long-term dedication in home entertainment and multimedia, with its well-established STB solutions and R & D capability in expandable and scalable STB technologies,” said Willis Chang, Vice
